

Have your bowel cancer screening

If you are aged over 55, you will soon be sent a **free** NHS bowel cancer screening kit in a box.

The kit comes through the post. The kit tests for early signs of bowel cancer.

The test is easy to do and does not hurt. You can ask someone you trust like a family member or carer to help.

When you have done the test, put the box into a post box.

Your results will be checked. A nurse will contact you if there is a problem. Finding cancer early makes it easier to treat.

If you have any questions please call **0800 707 6060**
